

## 2018 New Year Message from the Management Team at the RCC Pilotage Foundation

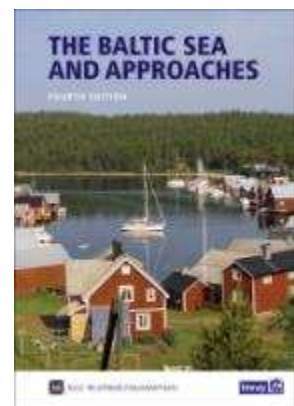

As we close 2017 we reflect on what has been achieved in the past year. This has included new editions of pilots covering

- Mediterranean Spain,
- Baltic Sea & Approaches
- Chile
- Cape Horn & Antarctic Waters
- new electronic publications for Chagos Islands and Aleutian Islands & Alaska Peninsula as well as
- a new edition of The Atlantic Crossing Guide .

In addition we have been developing our website which, **in addition to** all the supporting information and useful links associated with our publications, now has a new Cruising Notes page of incoming information with a growing global coverage.

All of this has only been possible with the continuing support of our authors, our publishers - Imray, Laurie, Norie & Wilson and Bloomsbury - the cruising sailors and other contributors to our publications, the media who have helped to keep our activities in the public eye, and the many others who have collaborated with us in our work. We are particularly pleased that Trinity House has become our patron. We thank all these for their continuing support and wish them a prosperous and fulfilling 2018.

We look forward to the coming year when we will be bringing to the market new editions of pilots covering

- Islas Baleares
- Atlantic France
- Channel Islands, Cherbourg Peninsula & North Brittany, and
- South East Asia.

Antony Wells, Director      Jane Russell, Editor in Chief      Nick Charman, Market Development  
Richard Marsh, Webmaster      Nick Coleman, Feedback Coordinator
