Collecting Pilotage Information

To keep our publications up to date, the Pilotage Foundation relies on you - our fellow cruising sailors, to send in written, photographic and chart information relating to small boat pilotage and navigation for anywhere in the world, including information for remote areas where other sources of information are scarce or non-existent.

Please contact us at: info@rccpf.org.uk

Latest updates and corrections to our publications can be found in the Updates and Supplements section of our website.
